Mini Dome Camera

Indoor and Outdoor Installs

Just 4" x 3", perfect for discrete indoor and outdoor installations.

IP67 Rating

Resistant to vandalism and outdoor weather elements such as rain, dust, and debris.

Protective Dome

UV resistant cover protects the camera and helps keep its pointed video capture/direction hidden.

MicroSD Card Support

Every Mini Dome supports up to 512GB micro-SD card.

Motion & Smart Events

Human body, intrusion, line crossing, loitering, and people gather detection.

Sony® Starvis™ Sensor

Capture the tiniest detail with vivid and sharp color images well into dusk at 0.01 LUX.
